

Enrique B. Rosalin

UI/UX Designer | Front-End Developer

Valenzuela City, Philippines | 0968-368-1186 | nrgrosalin@gmail.com

Portfolio: <https://evokerdesign.github.io/>

PROFESSIONAL SUMMARY

Self-taught UI/UX Designer with hands-on experience designing responsive websites, mobile applications and scalable design systems. Comfortable translating high-fidelity interfaces into responsive front-end experiences using HTML, CSS, JavaScript and WordPress. Focused on creating intuitive digital products that balance user needs with business goals while continuously expanding design and development skills.

SELECTED PROJECTS

Portfolio Website

UI Designer & Front-End Developer | Personal Project

- Designed and developed a fully responsive portfolio website from scratch to showcase UI design and front-end development capabilities.
- Established a reusable design system before development, improving consistency and scalability across the site.
- Built the front-end using HTML, CSS and JavaScript while prioritizing responsive layouts and performance.
- Integrated Google Analytics and Microsoft Clarity and deployed the website using GitHub Pages.

Freelance Website Redesign

UI Designer | Freelance Client Project

- Redesigned the website of a fit-out contractor to modernize its digital presence and support future business growth.
- Conducted competitor research, restructured information architecture and produced wireframes and high-fidelity designs in Figma.
- Implemented approved designs using WordPress and Divi Builder while collaborating with a remote developer.

- Produced supporting visual assets and adapted designs within CMS constraints while maintaining consistency.

Kayakana Mobile App

UI/UX Designer | Concept Project

- Designed an end-to-end mobile companion app for a fictional skincare brand to demonstrate product thinking and mobile UI design.
- Created onboarding, skin assessment, product recommendation, routine management and inventory tracking experiences.
- Built a complete design system covering typography, components, icons, spacing and color usage.
- Focused on simplifying skincare routines through guided user flows and intuitive interface design.

PROFESSIONAL EXPERIENCE

Sales Assistant

Ace Hardware Philippines, Inc. | February 2020 – February 2025

- Assisted customers by identifying suitable products based on their needs and explaining technical product information.
- Maintained merchandising standards and inventory accuracy for high-value products.
- Generated inventory and sales reports while collaborating with the retail team to support daily operations.
